## T&P Notices to Mariners and NAVAREA warnings

CIO+ T&P Notices to Mariners and NAVAREA warnings is a combination of global UKHO T&P, local T&P NtMs and NAVAREA warnings which provides a comprehensive and enhanced update service for vessels navigating worldwide.

**CIO+**

## Facts:

- Automatically plots T&P notices on your ECDIS
- CIO+ is updated weekly or on demand to include all T&Ps along the intended voyage in a User Chart.
- Supported ECDIS user chart formats: eGlobe G2, Furuno FMD, Transas NS4000 and JRC ECDIS 9201/7201.
- Includes T&P NtM published by UKHO and Hydrographic Offices of China, India and Columbia, where not already included in ENC's.
- CIO+ NAVAREA date for the whole voyage, not only within the range of NAVTEX or VHF.
- CIO+ NAVAREA is suitable for voyage planning and complements NAVTEX and radio warnings services during voyage execution.
